Fann A Porter

This small contemporary art gallery displays a diverse range of emerging international and regional artists in a quaint villa in Jumeirah. The Fann A Porter gallery has a busy schedule, hosting regular exhibitions, non-profit events, auctions and a community programme, all within its space at The Workshop Dubai. There, you'll also find an antique gallery, design studio and café as well as a store selling everything from custom-made furniture to objets d'arts. Ultimately, it's a meeting place for like-minded collectors and art enthusiasts.
