Fann A Porter Dubai in collaboration with ZAAT Beirut are presenting Reality Show (May 5 — June 30). The exhibition brings together a group of modern and contemporary artists from the Middle East who explore the complexities of contemporary times through various mediums of art. The show strives to offer a critical perspective on the current state of living conditions, political climate, social dynamics, and psychological landscapes.

During the opening reception, there will be a 10-minute theatre sketch titled Transient Dementia, adapted and directed by Walid Kowatli from the comedy play The Bald Soprano, starring Eliane Germanos and Osman Abou Baker.

Reality Show aims to create a dialogue on the current state of our society and the multiple realities that shape our lives. Through painting, sculpture, installation and video work, the artists offer their insights into the current global climate and the complexities of our times.
