

ARDA ASLANIAN

Arda Aslanian is an Armenian Jordanian architect and a visual artist, based in Amman. Much of her art explores the behavioral unwritten rules of beliefs, attitudes and influences in social groups or cultures. She also emphasizes the possibilities of the human body, with a particular prominence on the female form and the complexities of framing women within a patriarchal society.

Her art is the outcome of her constant questions and exploration of her being and belonging and her subjects act as mirrors for her innermost feelings.

Born in 1981, Amman Jordan

Lives and works in Amman, Jordan
